Iowa County Health Department

Help keep your community safe and thriving!

Make a difference by preventing disease, promoting health, and helping individuals remain in the comfort of their own homes through compassionate, skilled nursing care.

The Iowa County Health Department is currently seeking a Public Health Nurse to join our dedicated team. We provide in-home health services to County residents, focusing on promoting, maintaining, or restoring health and independence while minimizing the effects of illness or disability.

Why Join Us?

- Family-friendly work schedule with work-life balance
- Excellent health, dental, and vision insurance (Employee share \$0)
- IPERS (Employee contributes 6.29%/ Iowa County contributes 9.44%)
- Supportive, mission-driven team
- Meaningful community impact

What You'll Do:

- Deliver professional nursing services in patients' homes
- Coordinate care with physicians and other healthcare providers
- Educate and support patients and families
- Promote wellness and disease prevention in the community

If you're passionate about helping others and committed to improving public health in your community, we'd love to hear from you.
